Skeena River

Chinook, Sockeye and Steelhead fishing is pretty good right now. Lots of anglers and boats coming to town to fish. The boat launches are filling up. Lots of excitement in town now! Water in fair shape. Lots of room for everyone to fish. To check current and recent past water conditions click on the pics below. I have reports of **Chinook** being caught in good numbers and size. AND the **Sockeye** fly fisherman are pilling into Ferry Island. You may want to consider hiring a guide for this, if so contact me anytime. **Re Sockeye:** Talked with local DFO and they predict a good run of Sockeye in the Skeena River this season. Keep in mind this is only and educated guess at this time. Data from the **Tyee Test Fishery** is being posted now, see charts below.

Catching Sockeye on a fly!
This year's sockeye return is big. One of the best methods to catch these tasty fish is to fly fish for them. Use a very heavy sink tip between 12 and 20 feet in length with a short leader and a heavy, heavy fly. You want to be hugging the bottom of the river for best results. Pink and or chartreuse coloured flies work the best. **Tip:** courtesy **Oscars Source for Sports** in Smithers BC.

This is the first Skeena River summer-run Steelhead for Tracey Hittel of **Kitimat Lodge** Want to be guided for these guys...contact me anytime. Keep checking the **Tyee Test Fishery** charts below. Hope we have another good run this year.

Cast on pic for larger size:

Kalum River boat launch. Pic taken July 12th. As you can see lots of boat trailers. This is a very exciting time around Terrace as a lot of people are here now to try and catch a big Chinook. This is where the Kalum River joins up with the Skeena River. The Kalum is shown in the south of this pic and the Skeena on the north. Conditions are very good right now but some would say it's too hot; hit 32 degrees C. today.

Hi Noel, It's that time of year again - good weather and big fish! **Kalum River Lodge** guests have been catching some nice Chinook. Here is first time angler Elaine with one of the super Skeena River Chinook landed that day. Best regards, **Andrew Rushton**

Beautiful catch of Skeena River Chinook (King) Salmon landed this year. I would like to thank **Kyle Alton** (R) for giving us permission to post this pic. Did I say Kyle is "married" to the Skeena River? As you can see, water conditions, weather and size of Chinook run is excellent this year...so far...we are keeping our fingers crossed :-)

First Annual Skeena Classic Fishing Derby
was held July 26 and 27 and the winners are:

Here are the official standings for 1st through 5th, kids, and the major door prizes. 1st place (tie) for $2,500 each... Matt Raposo and Ray Forget at 45.15lbs. 2nd place for a 2000W **Honda Generator**... Carole Gardner at 44.60lbs. 3rd place for a **Bradley smoker** Steve Pereira at 43.35lbs. 4th place for a **Scotty Electric Downrigger** Codey Latimer at 41.70lbs. 5th place for a $500 of fuel at **Northwest Fuels** goes to Stu Ames weighing in at 41.35lbs. For the under 16 category Jonathan Andrade came 1st with a 38.45lbs Chinook and in 2nd place is Spencer Isaak weighing in at 36.70. Both Jonathan and Spencer have a 20 minute helicopter ride. And now the door prizes... Brenda Kinney has a new **50" LG TV**, Peter Campbell won a round trip for two to Vancouver, and Terri O'Neill won a **Yamaha Kicker**! Congratulations to all of you!

And there are more winners: Tamara Weber says, *"Wow! After totalling all of the ticket sales, and the barbecue funds I am happy to announce we have donated a grand total of $5,065 to **R.E.M Lee Hospital Foundation** and **Salvation Army** (each charity will receive a cheque for that amount), and **Relay for Life** made $882.80!"*

A full weekend wrap up for you... Total number of fish weighed-in: 140. Total pounds (of all 140 fish): 2774.70lbs. Total donated from ticket sales: $10,130.00. Total donated to Relay for Life (from the barbecue and MacCarthy GM): $2.316.64. **Thank you to everyone who made this possible!**

Kitimat Lodge

Kitimat Lodge fishing report – July 29, 2014

Another solid week of fishing on the **Skeena River** and **Douglas Channel**.

Nice catches of Chinook Salmon as well Halibut for our guests.

The 2014 Salmon Fishing Outlook for August is showing good signs of Coho Salmon as well Steelhead entering the rivers.

Arriving guests this week are from Alberta, USA, and Europe.

Booking 2014 Fishing Charters Now for:

- Skeena River late summer-run Steelhead and Coho Salmon
- Kitimat River for Coho Salmon
- Coastal BC Rivers for fall Steelhead Fishing
- Multi Rivers for fall Chinook Fishing
- Douglas Channel ocean fishing for Salmon and Halibut
- Guided ocean fishing charter for Salmon and Halibut

Early July 2014 Chinook Salmon Fishing Report

What a week the arriving guests have had for our early July Chinook Salmon fishing!
It Logan Day July 1st, not only was it his birthday but was also big fish day – catching a huge, 30+ pound Chinook Salmon.

The group landed some very nice Chinook including a limit of Halibut and Crab.
Also pictured is Torsten from Germany with a fresh Chinook. The action was so good we limited out on Chinook in less that 2 hours, Torstens comments were, the best experience he has ever had.

Another full week is coming fast as bookings are at a all time high
Arriving guests are from Chile, England, BC, Alberta and the USA

Kitimat Lodge Fishing Report - Sunday June 29, 2014

I post New pictures to our page on Facebook from my iPhone - as they happen!

Another week passes and so do the happy clients!!

Halibut and Chinook Salmon Fishing on the Douglas Channel as well the Kitimat region is finally producing some nice fish!

Today was a tidal wave of fresh fish and Adam from Edmonton hammered a pair of 30 pounders!

Also, Calgary angler Keven, holding a sizable Halibut!

This week guests are from Kelona, England, and Alberta.

Watch For Our Official launch of our **NEW WEBSITE** later this week!

Our new website has been in the works for three months! Soon you can easily read through almost 200 fishing reports spanning over more than TEN YEARS of chartered fly fishing, gear fishing, and deep saltwater fishing trips from Kitimat BC, Canada!

Like our page on Facebook or add us to your circles on Google Plus for FIRST NOTICE about the new website!

SEE BELOW for complete **Kitimat Lodge** 2014 guiding season:

The 2014 season is closing in on us fast and the bookings are at an all-time high

SPRING STEELHEAD
Spring Steelhead begins this late March for 6 weeks. If the run of Steelhead was like last year our guests are going to hit pay dirt.

CHINOOK SALMON
Starting in May, thru to August, Chinook Salmon we target either by Jetboats or spacious driftboats, on the rivers, or 30ft Aluminum, twin Volvo Diesel, ocean vessel. All our boat are fully equipped with top of the line gear.

COHO SALMON
Late July to late September all 5 species of Salmon are in full charge from the ocean to the rivers. We intercept these Salmon either in the Saltwater or small coastal micro streams, using like tackle or fly.

HALIBUT and CRAB
May to November is best for Halibut and Dungeness Crab. For 2014 the size limit for Halibut has increased, retaining a 70lb fish, up from the 60lb fish in 2013

SUMMER - FALL STEELHEAD
The lower 100 miles of the Skeena and its tributaries are a Steelheders dream, miles of fly water to chase the elusive steelhead. With our access to Classified waters in Skeena country, this allows us flexibility and tranquility for our customers.

BOOK SOON - don't be disappointed:

Skype Address: kitimat_lodge

Kalum River:

Click on link below for a high rez pic of water conditions for July 19th. Water high but in good shape. Normal for this time of year. Chinook are coming in now and I have reports of a few being caught. **Reg:** As of July 1st a person may retain four Chinook per day of which only one may be over 65cm. **Chinook closure on Kalum:** upstream of fishing boundary signs below lower canyon May 25 - Dec 31. Steelhead have spawned and are heading back to the ocean. The fresh summer-runs will be coming in soon...

Click on pics for **high rez** view

CLICK HERE to view "high rez" pic of river conditions for July 19, 2014

Lakelse River:

Water is higher than normal and tea coloured. Steelhead fishing is slow. Check regs for the fly fishing only rule in some section. Steelhead are started to spawn in some sections, if you see them you should let them be and move on to other areas. **Reg:** Fly fishing only between Lakelse Lake and CNR bridge Mar 1 -May 31. **Tip:** Fly-fishing egg pattern flies work the best, also, the brighter the egg fly the better. **Tip:** Float fishing corkies (painted cork balls in various sizes) and a little bit of white wool works well. The bright red or orange ones are favored.

Lakelse River Bridge:

Lots of anglers and I heard of a few nice Chinook landed. **Camping:** There is a rough forestry campsite close to the bridge. When my kids were young we camped there often. We have many fond memories. Met some wonderful people there too. **Tip:** Fishing off the bridge with a marabou jig is the most popular, so is a **Hot Shot** or **KwikFish** plug.

FOR EVERYONE'S SAFETY: Please get off the bridge when large trucks and equipment are crossing. This bridge has a wide deck sitting on a central pair of girders, and is designed to have the load travel the centre of the bridge. When a truck has to move over because someone didn't want to get out of their lawn chair it endangers everyone on the bridge by putting the load off-centre. In some cases, especially lowbeds with excavators etc on them are too wide to pass without people moving. Thank you.

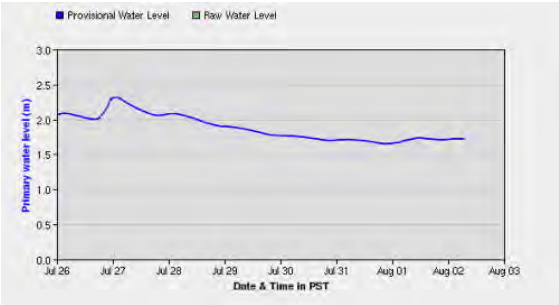
Zymoetz (Copper) River:

Water in good shape. NEW condition pic posted on July 22nd. Steelhead are coming in now. **Tip:** When wet fly fishing give the Steelhead a chance to react when the fly comes drifting by. Dry fly works pretty good too. And for conventional here is a **Tip:** Float fishing the Pink Worm works very well in this river. Need a guide for 2014 in either the Class one or Class two section contact me anytime.

Click on pics for **high rez** view

CLICK HERE to view "high rez" pic of river conditions for July 22, 2014

Sample Zymoetz (Copper) River heights below:



Cast on link for current Zymoetz (Copper) River water heights:
http://www.wateroffice.ec.gc.ca/graph/graph_e.html?stn=08EF005

Kitimat River:

High rez pic showing river condition posted July 29th., see below. River height approx. 75m. Clarity 4 feet. Fishing for Pinks is good, especially just after high tides. Chum around, too. Slow for Chinook. **Note:** Chinook fishing is slow. Run has peaked. Not a lot of new fish coming in. Used to be this time was peak of the run but something changed and most of the run has gone through. A few of the most experience fishing guides are still doing pretty well for their clients. The guides are out almost every day and have learned where the fish are holding. **Now's the time** to fish Pinks and Chums. They're all chromers! Need the "best" fishing guide, contact me anytime.

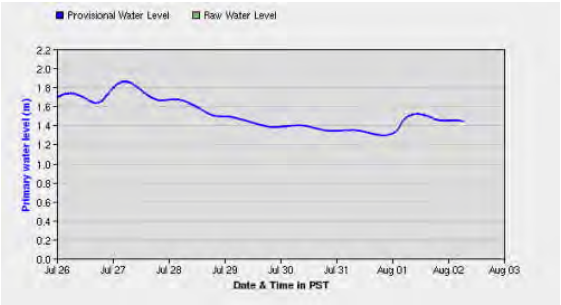
Posted July 1st. **Current Chinook:** When I asked Louis Doucet permission to post his pic, he said, "*Of course! My name is Louis Doucet and this Chinook was hooked by my friend Jean-Francois Gloutnez. We are from Saguenay, Quebec and we went fishing on the Kitimat River with the excellent guide Justin Lowes. We landed two Chinook (38 and 20), we lost two. It was awesome. Fish on!*"

Notice from Ariel Kuppers: Just a reminder if you are thinking of taking your drift boat from Sawmill. That log jam is still there so **BOATER BEWARE!**

Click on pics for **high rez** view

CLICK HERE to view "high rez" pic of river conditions for July 29, 2014

Sample Kitimat River waters heights below:



Cast on link for current Kitimat River water heights:
http://www.wateroffice.ec.gc.ca/graph/graph_e.html?stn=08FF001

Exstew River:

This is "prime-time" to try and hook a Chinook in this river. Please keep in mind the regulations say you can only fish for them below the Highway 16 Bridge.

Exchamsiks River:

This is "prime-time" to try and hook a Chinook in this river. Please keep in mind the regulations say you can only fish for them below the Highway 16 Bridge. A friend tells me two Chinook were hooked here on Sunday June 22nd

Kasiks River:

This is "prime-time" to try and hook a Chinook in this river. Please keep in mind the regulations say you can only fish for them below the Highway 16 Bridge. Usually this time of year the main stem Skeena is dirty so this is a good spot to fish for them.

Kitimat River Estuary:

I have reports Chinook fishing is only fair! Most of the fish have moved up river. **BEWARE** it can be dangerous getting into and out of the estuary with jet boat. If you would like to experience this unique fishery may I suggest you book with a fishing guide.

Douglas Channel:

Chinook fishing down the channel is only fair now as many of the Chinook have moved into their natal rivers. Halibut and other Bottom fish are being landed in good numbers also. Oh ya, Dungeness Crab too. Now when I say fishing is this good you got to know what to fish with, where to fish and how. My suggestion is to book a charter guide for trip or two, then you will be up to speed how to do it on your own. Did I say the Crab fishing is outstanding too...

South African girl with a slab. Halibut fishing down the Douglas Channel is GREAT! Caption and photo by **Tracey Hittel** of **Kitimat Lodge**. If you are interested to hire a charter contact me anytime.

OK folks, here's the story: From the pic below one would have to say the Halibut fishing down the Douglas Channel is "fantastic". From the pic above one would have to say the Chinook (King) Salmon fishing down the Douglas Channel is ALSO "fantastic"! Photo from Pro Guide (river and ocean) **Tracey Hittel** of **Kitimat Lodge**.

The Frattin family with a fine catch of Halibut. The were guided by **Tracey Hittel** of **Kitimat Lodge**. If you would like to try for a catch like this contact me anytime.

Halibut fishing opens February 1st. Cast on this link to read the **NEW** regulations.

Recommended Fly Fishing Gear:

Courtesy Chad Black **Nicholas Dean Outdoors**

In the low water conditions of early April, we generally used light sink tips to cover the shallow riffles and tailouts where Steelhead were holding. Type 3 and Type 6 tips were generally all that was needed for most conditions. With the higher flows of late Spring, and in particular on the tributary rivers, we've also been using Rio's MOW tips in a variety of weights and lengths to get the fly down to the fish. The Heavy MOW tips, made of T-14 material, have been particularly useful, in lengths of 5, 7.5, 10 and 12.5 ft.

As with March, best colours have been pink, black, blue and orange. When fishing the Skeena and its tribs, larger flies from 2.5" to 4" in length have been most productive. Smaller flies in a variety of weights in the 1" to 2.5" range have worked the best on coastal rivers.

When targeting Steelhead, we've been using rods in the 12.5' to 13.5' ft range, for a 7 or 8 weight line on the larger rivers. Our personal favourites for this fishing include the 7126 **Sage TCX** and the 8139 **Loomis Dredger**. When targeting Chinook specifically, we've been using heavier 9 and 10 weight rods in the 13' to 15' range. Single hand rods and switch rods have gotten the nod on the coastal rivers. In particular, I had a chance to fish a 8116 **Sage One** rod and can confirm that it's a very good rod that's ideally suited to the coast!

Rods, Reels, Lines: For Steelhead - Spey rods in the 12' to 14' range, with a **Skagit** head to match. A 7126 TCX paired with a 500 grain **Skagit Flight** and **Loomis** 8139 **Dredger** with a 525 grain **Skagit** are excellent choices. A good quality disc or cork drag reel (e.g. **Islander** and **Ross**) with a minimum of 150 yards of 30 lb backing. For Spring Chinook Salmon, same as above, except with heavier gear - 9 weight minimum, 10 weight better.

Sink Tips and Tippet: A 15' Type III and 15' Type VI for most shallow water applications, and a variety of **MOW** tips - medium (T-11) and heavy (T-14) for deeper and/or heavier water. Always 15 lb **Maxima Ultragreen** for Steelhead. Increase tippet to 20 lb **Maxima Ultragreen** if targeting Spring Chinook.

Flies: **Idylwilde** String Leech, Bunny Tube, Marabou Tube and Popsickle, in shrimp pink, cerise, black, blue and orange.

If you need info to book a pro fishing guide please contact me anytime.

Prince Rupert Ocean Fishing:

Fish from this **Grady White** for **ALL** the bottom fish plus **ALL** the Salmon, Dungeness Crab and Alaskan King Crab...with a captain who has over 40 years experience. If you are interested to book a charter please contact me anytime for **ALL** the details.

Report from **Jamie Hunt** of the **Great Pacific Salmon Lodge** based out of Prince Rupert.

Here yah go Noel. Caught today (July 16) 45 pounds and 49 pounds. Big fish are in our waters now. We have some openings at our lodge for these monsters. I can do a 2 day trip with 2-4 guys this weekend staying at our Lodge. Cost for 2 days including meals and accommodations are as low as $1,500 person based on 4 people per boat. Lots of Hali's around, but we would like to concentrate on huge Salmon right now. If you would like to book a Prince Rupert charter trip please contact me anytime.

Haida Gwaii - Queen Charlotte Islands:

Avid Sportfishing

Our 30 foot **Kingfisher** guide boat, the safest and most comfortable in the Charlottes

Finest ocean and river fishing, lodging and dining in remote **Haida Gwaii**

We strive to provide our guests with the BEST fishing lodge experience possible

Contact us anytime for more information:

Avid Sportfishing **http://www.avidsportfishing.ca** **1-877-770-AVID (2843)**

Its been a wet stormy June but even the worst weather can't dampen our spirits when salmon fishing is going banana's. After a couple of slow days the next wave of Chinooks has arrived. Bring em on!

Had a day off between bookings so we decided to take some friends fishing for the night bite. Lots of laughs and...**tons of Chinooks out there right now!**

We're experiencing some of the best salmon fishing we've seen in recent years. We still have a few trips available in July that need filling. If you've ever wanted to experience fishing Haida Gwaii we have all inclusive packages direct from Vancouver that can't be beat. Contact the Avid team for details.

Fishing for Halibut and Salmon this month has been simply outstanding. Book you charter soon to avoid disappointment.

1-877-770-2843
www.avidsportfishing.ca

Here's our latest addition to the fleet for 2014. That's right we are now operating 2 - 30 foot Kingfisher guide boats. This one is tricked out with all the same options and quality gear as our first boat. Luxury fishing on the West Coast of Haida Gwaii just got even better!

Reserve Your Dates for 2014

The 2014 fishing season is coming fast! We are already over 50% booked and prime dates are going quickly. If you're thinking about taking the family on a great fishing adventure or looking for a hard core fishing trip with the boys next summer, Avid Sportfishing's all inclusive trips have all bases covered. Round trip airfare from Vancouver, exclusive beachfront lodging and amazing meals combined with BC's best Chinook salmon fishing and experienced guides make for a "Top Notch" fishing trip that is second to none. Some exciting news for groups that require 2 boats (6 to 8 guests) is the addition of another 30 foot Kingfisher guide boat. This allows us to offer a truly unique experience with 2 of the nicest, most comfortable, most seaworthy and just plain "fishy" boats in all of Haida Gwaii/Queen Charlotte Islands. Predictions for 2014 Chinook (King) salmon runs look very good with more 4 and 5 year old fish returning meaning bigger average size than in 2013.

Please contact us to discuss dates and join Avid Sportfishing for another season of great fishing, and good times on the West Coast of Haida Gwaii in 2014!

Smithers BC and area fishing report:

Fishing report for July 31, 2014

Bulkley/Morice – Fish all throughout the river. Mostly darker now but even some ones in excellent shape have been caught up on the Morice. Conditions have remained fantastic. As a reminder, today (July 31, 2014) is the last day one may use bait on the Bulkley River.

Kispiox – Pinks and reports of coho being caught already. This would be the tail end of the Chinook fishing as most of the fish are pretty colored. Water is low and clear.

Babine – Opens August 1st for retention of Sockeye. Sockeye have been incidentally caught in the lake already meaning numbers are very good early on.

Nass/Tributaries – Meziadin is doing well for sockeye although busy with people. Nass tributaries have slowed down for cleaner Springs.

Fishing report for July 24, 2014

Bulkley/Morice – Fishing has been excellent lower down on the river. Moricetown is very busy with people, but is producing fish. Some reports have come in of fish that have been caught locally, however it has been slow. Water again is stable and in excellent shape, the rain we had over the last couple days really helped.

Kispiox – Fishing is good all over the length of the river. It is extremely clear right now and is dropping slowly. Date Creek run from the Village side has 3 downed trees making access limited but not impossible. Please be courteous of the lands and pick up any garbage.

Babine/Rainbow Alley – Although fishing for sockeye on the Babine does not open until August 1st, numbers going through the fish fence are strong, definitely something to look forward to. As for the Alley fishing has remained steady with good action for the dry flies.

Meziadin Lake – Doing well for sockeye already and hasn't been too busy with people.

Nass/Tributaries – After a period of poor fishing it quickly returned with good numbers of fish being caught. Springs are getting darker as time more and more time goes on.

Fishing report for July 18, 2014

Bulkley/Morice – Rivers finally heating up! Fishing is good lower down on the Bulkley like Moricetown etc. Reports also suggest fish in the upper reaches like the Morice River near the confluence of Little Bulkley is good. The river is on a slight rise and clarity has decreased just a little bit. When the river drops again over the next couple of days is when the best fishing should be. Optimal time to fish with a fly rod.

Kispiox – Fishing is decent with darker fish being caught throughout the system. The mouth of the Kispiox has been doing okay for cleaner fish starting to make their way up the river. Kitimat – Has had almost everything in the past couple days. A fresh run on springs came through and the river has lots of Chum and Pink Salmon in it already.

Babine/Rainbow Alley – Dry fly fishing is still good where the outlet of Nilkitwa Lake enters into the Babine River. Stonefly hatches are no longer consisted but action hasn't stopped.

Meziadin Lake – Just started producing good numbers of Sockeye as the last week was a little slow.

Nass/Tributaries – Good fishing for Springs, but the smaller tributaries are packed with people so weekdays are better to get away. Fish have been reported to be quite colored the higher one goes.

Fishing report for July 10, 2014

Bulkley/Morice – Reports are good with smaller fish being caught especially closer to Moricetown and lower down on the Bulkley like Anderson Flats. The water level is consistent and clarity is still great!

Kispiox – Very clear for this time of the year and the conditions are good for finding fish. The lower part of the river seems to be better for springs so far.

Babine/Rainbow Alley – Fishing for trout is still fantastic on the dry fly and with warmer weather forecasted, it is expected to continue. Water is clear and is lower than average for this time of year.

The above reports are courtesy of **Oscars Source for Sports** in Smithers BC.

Guest Photos and captions:

Hi Noel, Sockeye fishing on the fly was good today (July 14th). Here's my Dad Tom Hodgson with a nice one. Thank you for posting. Luke

Breaking News

Hello, After receiving many tips about a large farmed salmon die-off in the Gold River area I went out there to see for myself. Yes, indeed there are a lot of dying farmed salmon in two Grieg Seafood farms. Wild Chinook salmon are in the area, and if these fish are being sent for processing for human consumption, the waste would be entering the Fraser sockeye migration corridor. I have written to the CEO of Grieg Seafood for answers.

This is a test of their social licence to operate in BC. If anyone can help with logistics of getting out on the water in Gold River, please respond to this email. I have exceeded my budget.

http://alexandramorton.typepad.com/alexandra_morton/2014/07/dear-ceo-of-grieg-seafoods.html

Alexandra Morton

First Nations 'ecstatic' over historic Supreme Court ruling.

It's being hailed as a significant victory for First Nations, and aboriginal people across the country are celebrating today's Supreme Court of Canada decision granting title to more than 1,700 square kilometres of land in B.C. to the Tsilhqot'in First Nation.

Cast here to read the details.

Marine Harvest Speaks

Hello, Today is the last day in court. My Ecojustice lawyers have done a very good job, the judge is sharp as can be, but as expected large corporations also hire effective lawyers.

Yesterday was pretty shocking as Marine Harvest attempted to rewrite the science on piscine reovirus. I can only hope and I expect the judge well-understands the difference between an "opinion" and the weight of peer - reviewed scientific papers all in agreement that come to a very different conclusion.

See my blog on this click here.

The question of how I am funded has been raised, with the insinuation I have a mystery backer with deep pockets who I am hiding. In fact, the funds for the public outreach comes from hundreds of people over the years. There are never enough funds to meet this industry on its playing field - the world of advertising and so they continue to dominate.

If you want to help in this way you can click here.

The decision is expected in about 4 months, but that is only a guess it could come sooner or much later.

Off to the last day in this proceeding...

Alexandra Morton alexandramorton.ca

Back in Court This Week to Stop Disease

Hello, I am headed back to court this week with Ecojustice to stop the spread of salmon disease. Wednesday, Thursday and Friday, Federal Court 701 W. Georgia St., Vancouver.

Also see the second blog for the videos that Bloomberg posted on salmon farming. They are the biggest financial news source in North America.

Market Place **For Sale**

West Coast of Vancouver Islands, BC
Rogers Fishing Lodge

Owners of this Lodge say they already have over 1000 guests booked for the 2014 season. In total in 2013 they did 1160 guests, so things are already pacing ahead of last year. Certainly a real positive for any potential **Buyer to have a turn-key business**

Rodgers Fishing Lodge is located on the west coast of Vancouver Island about 90 miles due west of Campbell River in Esperanza Inlet. Rodgers is one of the busiest fishing lodges on the B.C. coast, entertaining over 1000 guests a year. They also enjoy one of the longest seasons on the coast, operating 19 weeks in 2013.

This will be their 31st year in the Sport Fishing business and their 20th year in Esperanza Inlet. Rodgers has shown a remarkable rate of growth over the past 3 years due mainly to an aggressive, innovative and successful marketing programme. Their gross revenue has more than doubled since 2010 and 2014 looks to be another banner year with over 550 guests already booked.

The Lodge has a location second to none as it is ideally situated to take advantage of some of the most outstanding fishing opportunities on the BC coast for Salmon, Halibut, Bottom Fish and Tuna. The addition of Tuna fishing this year will add a new dimension to the business and will add increased revenue to the months of August and September. The Tuna fishery is going to be a huge breakthrough in the future for West Coast fishing lodges. Rodgers Lodge is perfectly positioned to take advantage of it. Historically, the Tuna in their migration pattern will follow the warm water temperatures that occur along the Continental Shelf. In Rodgers Lodge's location the Continental Shelf is just 12 to 15 miles offshore as opposed to 50 miles offshore for places like Tofino and Bamfield.

Black Bear and Bald Eagles are regularly seen by the lodge. They have the largest colonies of Sea Otters on the coast and the Gray, Orca and Humpback Whales pass by on their way to and from the Bering Sea.

The owners love the business and wish that they were 30 years younger. However, they feel that it is now time to turn the reins over to someone who shares the same passion for the outdoors and who is looking for a wonderful rewarding lifestyle.

Asking price $1,199,000

Please contact Noel Gyger if you are interested.

For Sale

Hello; Just a quick note to let you know that **Gibbs-Delta** has several 10' Trade Show Display Booths for sale.
There are a few different styles (pop up and foldex).
All come with cases, some have lights.

$250 each

Feel free to pass this on to anyone you know that might be looking for a display booth.
